

August 30, 2010

Dear Principal/Teachers,

The California Exposition & State Fair is offering **“The Farm” Fall Tour** which is a two-hour educational field trip presented by Savemart Supermarkets & Kaiser Permanente. The tour will include an informational presentation, interpretative walk, planting, harvesting and other “hands-on” activities. *This tour is recommended for Grades 2 - 6.*

“The Farm” two-hour tour emphasis is plant biology, ecology and the interactions of agricultural systems. It will also be our goal to increase the students’ understanding of agriculture and to enhance their abilities to communicate their new findings about California’s number one industry.

Tours are available September 21 - November 18, 2010 every Tuesday and Thursday (excluding November 11, 2010).

The Forest Foundation presents the **“California Forest Center”** two-hour tour. Students will embark on a guided walk around our one-acre demonstration forest and will participate in other “hand-on” activities. Lessons incorporate forest ecology, forest products and conservation of our natural resources. *This tour is also recommended for Grades 2 - 6.*

Tours are available September 28 - October 28, 2010 every Tuesday and Thursday.

The field trip times are from 10:00 a.m. to 12:00 noon. A picnic area will be provided at both tour locations. We would like to encourage groups to bring a bag lunch.

Tours are provided free of charge, although each school must provide their own transportation and be responsible for adult supervision. At least 6 adults are needed for supervision because students are divided into three work groups. Please have the three groups pre-determined prior to arriving at the tour.

Please make your reservation as soon as possible, as we will accept your request on a first-come first-served basis.

To reserve **“The Farm” Fall Tour**, please complete “The Farm” Tour Reservation Form and mail to the California State Fair Farm Tours or fax to 916-263-7903, Attn: Teresa McEntire, P.O.
